

Academic Support Services

Center for Teaching and Learning Excellence

The Center for Teaching and Learning Excellence (CTLE) aligns with the college's Veritas foundation as the Center strives to be a professional development hub that helps sustain all faculty members at Albertus and similar colleges as lifelong learners committed to being responsive to their students' needs and strengths with the ultimate goal of enhancing the college experience and success of their students.

In collaboration with student services, academic affairs, and information technology, CTLE provides practical resources and faculty-centered learning opportunities that prepare college instructors to be critically reflective about their academic and professional knowledge and experiences as they work towards implementing concrete changes that contribute to an interdisciplinary, experiential, and equitable learning environment for students.
