

The College

Weather and Emergency Alert System

The Albertus Emergency Alert System is a free mass notification system that enables Albertus students, faculty, and staff to receive alerts and updates through a combination of e-mail, text messaging and phone calls in an emergency. The Emergency Alert System may be used to provide instructions in the event of a disaster, health or safety risk, or class cancellations due to inclement weather. Students are automatically enrolled with their Albertus.edu email address and phone number provided during College enrollment. Please contact Public Safety if you need to update your phone number.
