Veteran OASIS

Our Veteran OASIS (Operation Academic Support for Incoming Service Members) is a dedicated space on campus for veteran students to use while working to achieve their academic goals. This room is available to active military members, veterans, and families in our campus community.

The OASIS is located on the ground floor of Aquinas Hall, room G19B, to allow easy access for students looking for a break between classes. The room is equipped with multiple workstations and computers to allow students to get work done, and lounge chairs to relax or socialize in. The OASIS is the center for veteran activities on campus. This dedicated space serves to assist in a successful transition to life after military service.

Student Veterans Association

The Albertus [Student Veterans Association](#) is a community of students that share the unique perspective of service members. Early in military careers, service members are taught that nothing is more powerful than teamwork. Even though success as a student is dependent upon an individual's own diligence and work/study habits, veteran students do not need to go on their academic journey alone. Creating an online forum to allow all veteran students involvement whether they in person or online, the organization focuses on the power and support of teamwork.
